

You've been booed!

Someone who likes you left this basket on your doorstep, and they are not telling who.

Here is how it works:

1. Enjoy the treats. That part is just for you.
2. Hang the sign from the bottom of this page on your front door, so nobody boos you twice.
3. Within a day or two, put together two small baskets and boo two more people. Tuck a copy of this note into each one.
4. Do not get caught. Knock, run, and keep the secret.

Happy Halloween!
